

Authentic trademarks from Karlsruhe, Germany

VIABLUETM meets Matteo Sanfilippo

"Design is my passion", Matteo explains. He is a designer and creative consultant for trademarks. Living in Karlsruhe, Germany, he runs his own design studio since 2005. Matteo's striking concepts and artwork are simultaneously authentic, plausible and down to earth. His passion fits perfectly to ours and we are happy that Matteo chose our cables for his studio's apple computers.
