

20 YEARS
VIABLUE™

Catalog 2022/2023

Tradition made in Germany. Since 2001.

For more than 20 years, VIABLUE™ stands for a first-class listening experience made in Germany. We guarantee maximum precision by using innovative technologies, state-of-the-art production methods and exclusive materials.

Since 2001, we excite with high-quality standards and outstanding functionality. Our handmade cables with silvered strands, patented full metal connector housings, the VIABLUE™ AIR technology and Ultragrip coating find praises worldwide.

It is the passion of our customers that drives us to constantly push limits and meet highest standards in functionality and design.

A big thank you to all of you. Thank you for your loyalty, your feedback and ideas regarding VIABLUE™ products. For your photos, videos and social media posts. We are looking much forward to the years to come.

Speaker and analog cables made in Germany

1 Pair

SC-2 single-wire

Speaker cable

Power cable X-25 Silver

Max power, 100% interference free

X-Series power cable

- 2 shieldings
- 3 strands
- Silver plated OFC conductors
- Ferrite filters and diameter reducers
- T6s Power plugs, flame-retardant
- Ultragrip coating
- 24 carat real gold-plated contacts
- Double-screwed strain relief
- Insulation resistance >20 MOhm x km

X-25 Silver AC power cable

Conductor 3x 2.5 mm²

X-40 Silver AC power cable

Conductor 3x 4.0 mm²

X-60 Silver AC power cable

Conductor 3x 6.0 mm²

From 387.98 € | 100 cm | 1 piece

UPBracing Team
sponsored by VIABLUETM

Innovative engineering and design: Formula Student

Every year, students from more than 500 universities from several countries participate in the Formula Student competition. Their goal is to develop a race car that will prove itself on international race tracks. The students score not only by good results in the races themselves but for innovative engineering, design and cost efficiency.

VIABLUETM is very happy to support the UPBracing Team of the University Paderborn with our cables and as a silver sponsor.

Cable sleeve
Medium Race

Cable sleeves made in Germany

Cable protection sheaths

- Support against wear and attrition
- Protection against kinking and UV light
- Opaque due to a fine-mesh structure

Ferrite filter 9 on
NF-B subwoofer cable

VIABLUe™ Splitters and Ferrite Filters

VIABLUe™ Splitters are made of a black, satin-matt, full metal aluminum housing. They provide an intelligent and precise cable routing and thus prevent cable strands from damages.

VIABLUe™ Ferrite Filters suppress the amount of high frequency electromagnetic interference (EMI) noise found in electronic circuits. They include a Ferrite core, which is centered in a full metal housing made of black, satin-matt aluminum.
